

Report of Training in Indonesia 2006

To: Representative of JICA Cambodia Office.

From: Mich Kanthul, Director, Economic Statistics Department, NIS.

Name of training: Training in Indonesia 2006.

Duration of training: from 22 to 26 May 2006.

On behalf of the National Institute of Statistics, I would like to express my deep thanks and extend my sincere appreciation to JICA for having good arrangement of making a study tour to Indonesia and giving us an opportunity to see and study on preparing and conducting 2006 Economic Census in Indonesia which has never been conducted in Cambodia.

From my point of view, I think that this kind of study tour is very and very important for the developing countries and for the people like us to learn about the step how to do:

- An overview of BPS-Statistics Indonesia
- An overview of 2006 economic census
- Methodology of listing of establishment of all economic activities
- Areas coverage
- Stratification
- Workload of enumerator
- Establishment coverage
- Mapping of census block
- Master areas with strata
- Reliability of data
- Method of enumeration
- Indonesian Standard Industrial Classification
- Data processing
- Dissemination of the result of economic census 2006
- Analysis for the 2006 Indonesian economic census results
- Visit fieldwork enumeration

In conclusion, the study visit on 2006 Economic Census in Indonesia was extremely successful and fruitful. Seeing this important event of BPS in Jakarta, especially making discussions and sharing experiences to each other, is to give us an benefit in understanding step by step on the way how to conduct Economic Census in Cambodia in the future by our own self.
