* First Tabulation from the 2019 Economic Conditions Survey Released

The Ministry of Internal Affairs and Communications (MIC) and the Ministry of Economy, Trade and Industry (METI) established the Economic Conditions Survey in order to identify the structure of the manufacturing and service industries every year and contribute to improving the precision of the National Accounts Statistics.

On March 31, 2020, the first tabulation from the first survey, conducted in June 2019, was released.

In addition to this first tabulation, the second and third tabulations that provide more detailed results including regional tables are planned to be released.

<The amount of sales (income) of the Economic Conditions Survey>

The amount of sales (income) by industry division in 2018 was 498.0 trillion yen for “wholesale and retail trade,” and 413.2 trillion yen for “manufacturing”.
