The **2019 Revision of World Population Prospects** is the twenty-sixth round of official United Nations population estimates and projections that have been prepared by the Population Division of the Department of Economic and Social Affairs of the United Nations Secretariat.

The main results are presented in a [series of Excel files](#) displaying key demographic indicators for each UN development group, *World Bank* income group, geographic region, *Sustainable Development Goals (SDGs)* region, subregion and country or area for selected periods or dates within 1950-2100. For advanced users who need to use these data in a database form or statistical software, we recommend to use the [CSV format](#) for bulk download. Forthcoming special aggregates will also [provide additional groupings](#) of countries.
