1) "Population in 2015 (readjusted)" refers to the 2015 population and number of households of Shi, Ku, Machi and Mura readjusted according to the boundaries as of Oct. 1, 2020.

2) "Population change number (rate) for 5 years" is calculated using "Population in 2015 (readjusted)" and "Number of households in 2015 (readjusted)", respectively.

3) Based on result with Imputation

**Population change rate for 5 years, Population by Age, Population composition ratio (by Age),
Number of households and Members per private household - Japan, Prefectures, Municipalities**

Population by Age			Population composition ratio (by Age) (%)			Population by Nationality		Population composition ratio (by Nationality) (%)	Number of households		Members per private household
Under 15 years old	15--64 years old	65 years old and over	Under 15 years old	15--64 years old	65 years old and over	Japanese	Foreigner	Foreigner	Total	Private households
