

Report of Training in Indonesia 2007

To: Representative of JICA Cambodia Office.

From: Mich Kanthul, Director, Economic Statistics Department, NIS.

Name of training: Training in Indonesia 2007.

Duration of training: from 27 to 31 August 2007

On behalf of the National Institute of Statistics, especially myself, I would like to express my deep thanks and extend my sincere appreciation to JICA for having good arrangement of making an extremely important study tour to Indonesia and giving us an opportunity to see and study on preparing and conducting Micro and Small Establishment Survey of 2006 Economic Census in Indonesia in detailed question.

Five days training made me learning about the way for conducting such that activity.

Lecturers also did the best job and were good at showing about the knowledge and technique of the survey of small and micro establishments.

From my point of view, I think that this kind of study tour is very and very important for the developing countries and for the people like us to learn about the step how to do:

- An overview of BPS-Statistics Indonesia
- An overview on Micro and Small Establishment Survey of 2006 Economic Census
- Planning and field operation on Micro and Small Establishment Survey of 2006 Economic Census
- Methodology of sampling design on Micro and Small Establishment Survey of 2006 Economic Census
- Indonesian Standard Industrial Classification
- Data processing on Micro and Small Establishment Survey of 2006 Economic Census
- Dissemination on Micro and Small Establishment Survey of 2006 Economic Census
- Analysis on Micro and Small Establishment Survey of 2006 Economic Census

In conclusion, the study visit on Micro and Small Establishment Survey of 2006 Economic Census in Indonesia was extremely successful and fruitful. Seeing this important event of BPS in Jakarta, especially making discussions and sharing experiences to each other, is to give us an benefit in understanding step by step on the way how to conduct Micro and Small Establishment Survey of Economic Census in Cambodia in the future by our own self.
