## FOREWORD

It is our great pleasure to officially release the preliminary results of the 2014 Cambodia Inter-censal Economic Survey (CIES2014) which was conducted from 1 to 31 March 2014 with 1 March 2014 as the reference date, covering the entire territory of the Kingdom of Cambodia. The CIES2014 is a sample survey and is an inter-censal survey which is to be conducted between two decennial censuses, that is, between the 2011 Economic Census and the 2021 Economic Census.

Under the legal basis of the Statistics Law, the CIES2014 aims at compiling basic statistics on establishments and enterprises in the whole Cambodia's territory. The preliminary results provide information on the current situation of establishments in Cambodia and serve for various users such as policy makers, government officials at both national and local levels, international organizations, NGOs, private sectors, researchers, and development partners.

The preliminary results will contribute to achieving the socio-economic development goals of the Royal Government in supporting evidence-based planning. I am sure that the public will be very much benefitted to use the CIES2014 results to the full extent possible.

We express our deep sense of gratitude to the Royal Government of Cambodia led by Samdech Akka Moha Sena Padei Techo HUN SEN, Prime Minister of the Kingdom of Cambodia. His constant support to the CIES2014 brought successful completion of both enumeration and data processing. Our thanks are due to the Ministry of Planning (MOP), the National Institute of Statistics (NIS) and line ministries such as the Ministry of Economy and Finance, the Ministry of Industry, the Ministry of Commerce, the Ministry of Interior and other relevant government ministries and institutions which facilitated our activities and led to the success of the CIES2014.

I gratefully acknowledge technical and financial assistance provided by the Government of Japan and Japan International Cooperation Agency (JICA). Our deep thanks are due to Mr. Fumihiko Nishi, Chief Adviser of the JICA Project on Improving Official Statistics in Cambodia, Mr. Akihiko Ito, Mr. Akihito Yamauchi, Mr. Joji Sawada, and other JICA experts of this project, who made all the best efforts in the complete success of the implementation of the CIES2014.

We thank Governors of Phnom Penh Municipality and Provinces, and Chiefs of Districts as well as Chiefs of Communes and Villages, who provided administrative facilitation for the implementation of the CIES2014.

The CIES2014 was a great statistical exercise, and its successful completion was possible with the total help and cooperation received from one and all. The major share of the credit for the success of the CIES2014 should go to the entrepreneurs of small, medium and large enterprises who paid busy and valuable time of their daily business to provide information to the CIES2014 Forms.

Deep thanks are also given to enumerators, supervisors, and the staff of the NIS and the MOP who were devoted, hard working, and loyal. H.E. Ms. Hang Lina, Director General of the NIS ably led the CIES2014 operations, being assisted by Mr. Khin Sovorlak, Deputy Director General, Mr. Saint Lundy, Director of Information and Communication Technology Department, Mr. Kim Net, Deputy Director of Social Statistics Department, Mr. So Tonnere, Deputy Director of Economic Statistics Department, and other NIS staff.

Finally, thanks are due to everyone that contributed to the great success of the CIES2014.
