Census Design	Delineation of EAs	Inter- mediate		24		
	Pre-test and Pilot Census			9		
Sampling Theory	Sampling Theory and Method			2		
Quality Control of Statistics	Quality Control of Statistics			2		
	Post Enumeration Survey					
Data Processing Planning	Tabulation Planning, Management of Data Processing and Equipment for Tabulation			2		
Statistical Data Processing				8		
Data Processing Programming	CSPro	Advanced		8		
Network Theory and Management	Network Theory and Management	Inter- mediate				

(continued)

Course	Subject	Level	Weeks		Lecture (in-charge)	Note
				Current Plan		
Statistical Analysis				8		
Population and Social Analysis	Population Analysis	Inter- mediate		2 wks × 2		
	Social Analysis					
Economic Analysis	Economic Analysis			1 wks × 2		
	Industrial Statistics Analysis (including Agriculture)					
Local Area Analysis	Analysis of Sub-national Statistics and Statistical Map		1 wks × 2			
Dissemination and Use of Statistics				8		
Compilation of Report of Statistical Survey Results	Compilation of Report of Statistical Survey Results	Inter- mediate		2 wks × 2		
	Excel Calculation					
Presentation Tool	PowerPoint			2 wks × 2		
	HTML					
Visual Presentation	Statistical Graph					
Web Page Design	Web Page and Statistical Table Design					
Evaluation of Economic Statistics and Establishment Survey Practice				9		
Establishment Survey	Full-dressed Exercise on Establishment Survey	Inter- mediate		9		
Use of Local Area Statistics				1 each		
Use and Analysis of Sub-national Statistics	Introduction to Official Statistics	Elementary		1 each (for staff in 17 prov.)		for 17 provinces in FY2006
	How to Develop Statistical Indicators for Local Use					
	Fundamentals of Statistical Analysis for Local Area					
	Delineation of Census EAs					
Use of Statistical Survey Result				2		
Use of Statistical Survey Results	Population Census and Survey Result	Elementary		1 wk × 2		
	Economic Statistical Survey Result
